RAZOR ENERGY CORP. ANNOUNCES MULTI-YEAR AMENDMENT OF ITS EXISTING NON-REVOLVING TERM LOAN FACILITY; AND ANNOUNCES ENHANCED LIQUIDITY FROM NEW TERM LOAN AND ROYALTY TRANSACTION

February 18, 2021 - Calgary, Alberta - Razor Energy Corp. ("**Razor**" or the "**Company**") (TSXV: RZE) is pleased to announce that it has secured an extension to its existing non-revolving term loan facility from Alberta Investment Management Corporation ("AIMCo"), on behalf of certain of AIMCo's clients, for an amended principal amount of \$50.1 million (the "Second Amended and Restated Loan Agreement" or the "Term Loan Facility"). The terms of the Term Loan Facility are materially unchanged from the previous Amended Term Loan Facility established in January 2017. Principal is due January 31, 2024 with an interest rate of 10%, payable semi-annually.

As consideration for the Term Loan Facility, FutEra Power Corp. ("FutEra"), currently a wholly owned subsidiary of Razor, will, on closing of the Term Loan Facility, grant AIMCo common shares of FutEra representing 22.4% of the total outstanding common shares. In the event that the Swan Hills Geothermal Project has not been funded by July 31, 2021, the shares issued as part of this transaction shall be returned to Razor and a bonus payment of \$3.5 million will be added to the principal amount of the Term Loan Facility.

The Company is grateful for its partnership with AIMCo and appreciates the continued support from AIMCo as both a major shareholder and senior lender.

TERM LOAN

Concurrent with the AIMCo extension, a subsidiary of Razor entered into a new term loan agreement with an affiliate of Arena Investors, LP in the principal amount of US\$11,042,617 (the "Term Loan"). Arena Investors is an institutional asset manager with US\$2.2 billion of committed assets under management that specializes in providing innovative capital solutions for middle market companies.

Greg White, Arena's Head of Energy Investments remarked "We are delighted to be able to meet Razor's liquidity needs as this facility fits well within our focus of providing flexible debt solutions to the independent oil and gas producer space. It's a pleasure to be a new capital provider to a company of as high a caliber as Razor, and we look forward to continuing to grow with the Company. Arena is optimistic about the recovery of the Canadian energy market and we believe it is underserved by capital providers."

The Term Loan will be repaid over 29 months commencing April 1, 2021. Principal and interest payments are to be paid monthly. The funded principal amount, after the original issuer discount, is US\$10,035,000. The Term Loan carries a fixed annual interest rate of 7.875%. Security consists of a first lien on all assets within Razor Royalties Limited Partnership and Razor Holdings GP Corp. as further described below. The Term Loan is also secured by a second lien on the assets of Razor, excluding Razor’s subsidiaries Blade Energy Services Corp. (“Blade”), FutEra and its subsidiaries, and Razor Resources Corp.

The intended use of proceeds is:

	US	CAD ¹
Well reactivations and associated spending	\$8,552,000	\$10,825,316
Hedging	\$770,000	\$974,684
Transaction fees and upfront payments	\$713,000	\$902,532
Total	\$10,035,000	\$12,702,532

¹ Converted at \$US 1.00 = \$CAD 0.79

The well reactivation activity will start immediately and extend into 2022. Razor has an extensive opportunity set of high-quality wells requiring reactivation. In aggregate, the annual base decline of these wells is anticipated to be consistent with the Company’s current corporate decline of approximately 12 percent. In its history the Company has reactivated over 60 wells adding approximately 2,000 boepd and it expects that the upcoming program will result in similar favorable outcomes.

Athena Capital Markets Ltd. provided advisory services in relation to the Term Loan.

RELATED ROYALTY SALE

In conjunction with closing of the Term Loan, the Company has sold a 9% royalty on all corporate production (the “Gross Overriding Royalty” or “GORR”) to a newly established limited partnership named Razor Royalties Limited Partnership (“RRLP”). There will be two partners within the partnership. The general partner will be Razor Holdings GP Corp., a newly formed, wholly owned subsidiary of the Company and the limited partner will be the Company.

Once the Term Loan is repaid by RRLP, the security associated with the Term Loan will terminate. It is intended that the GORR and associated burdens will continue to exist in perpetuity within RRLP to the benefit of its partners.

About Razor

Razor is a publicly traded junior oil and gas development and production company headquartered in Calgary, Alberta, concentrated on acquiring, and subsequently enhancing, producing oil and gas properties primarily in Alberta. The Company is led by experienced management and a strong, committed Board of Directors, with a long-term vision of growth, focused on efficiency and cost control in all areas of the business. Razor currently trades on TSXV under the ticker "RZE".

READER ADVISORIES

FORWARD-LOOKING STATEMENTS: This press release contains forward-looking statements. More particularly, this press release contains statements concerning, but not limited to, the Company's extension of its' term loan facility, debt financing, related royalty sale, corporate structure and well reactivation plans. In addition, the use of any of the words "anticipate", "believe", "intend", "is", "will", "expect" and similar expressions are intended to identify forward-looking statements.

The forward-looking statements are based on certain key expectations and assumptions made by the Company, including but not limited to expectations and assumptions concerning the continued availability of capital, current legislation, receipt of required regulatory approvals, the timely performance by third-parties of contractual obligations, the success of reactivation, drilling and development activities, the performance of existing wells, the performance of new wells, the Company's growth strategy, general economic conditions, availability of required equipment and services, prevailing commodity prices, price volatility, price differentials and the actual prices received for the Company's products. Although the Company believes that the expectations and assumptions on which the forward-looking statements are based are reasonable, undue reliance should not be placed on the forward-looking statements because the Company can give no assurance that they will prove to be correct. Since forward- looking statements address future events and conditions, by their very nature they involve inherent risks and uncertainties. Actual results could differ materially from those currently anticipated due to a number of factors and risks. These include, but are not limited to, risks associated with the oil and gas industry and geothermal electricity projects in general (e.g., operational risks in development, exploration and production; delays or changes in plans with respect to exploration or development projects or capital expenditures; variability in geothermal resources; as the uncertainty of reserve estimates; the uncertainty of estimates and projections relating to production, costs and expenses, and health, safety and environmental risks), electricity and commodity price and exchange rate fluctuations, changes in legislation affecting the oil and gas and geothermal industries and uncertainties resulting from potential delays or changes in plans with respect to exploration or development projects or capital expenditures. Please refer to the risk factors identified in the annual information form and management discussion and analysis of the Company which are available on SEDAR at www.sedar.com.

In addition, the effects, risks and impacts related to widespread pandemic outbreaks, including the coronavirus disease (COVID -19), and any related actions taken by businesses and governments, may affect the ongoing results, commodity prices, industry conditions and activity levels, currency exchange rates, financial positions or results of the Company, and such effects, risks and impacts are unknown at this time and could cause the Company's actual results to differ materially from the forward-looking statements contained herein.

The forward-looking statements contained in this press release are made as of the date hereof and the Company undertakes no obligation to update publicly or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, unless so required by applicable securities laws.

Neither the TSX Venture Exchange nor its Regulation Services Provider (as that term is defined in the policies of the TSX Venture Exchange) accepts responsibility for the adequacy or accuracy of this press release.
